

# Services offered at the Harrison County Maternal and Child Health Project

## Prenatal Services

At MCH we offer prenatal care, vitamins, exams, and counseling in the area of pregnancy.

## HIV Testing

Anonymous and confidential testing. Made by appointment only through the Clark County Health Department. Call (812) 288-2706 or (800) 828-5624.

## Women's Preventative Health Care

## Family Planning

Family planning promotes responsible behavior, and the well-being of families and healthy babies. It allows timing of pregnancies when couples are best able to care for new children, and it reduces the need for abortions.

Services are confidential and include:

### Medical Services

- Physical exams
- Cervical cancer screening
- Breast cancer screening
- STD testing and treatment
- Hypertension screening
- Anemia screening
- Pregnancy testing

### Education and Counseling

- Reproductive and preventative health
- Breast self-examination
- Contraceptive methods
- STD / HIV risks

## Pregnancy Testing

Call (812) 738-1600 to schedule an appointment.

*Referrals and linkages to local community health and family resource centers.*

*Testing and screening programs offered while funds remain available.*

#### About the Project...

The Harrison County Maternal and Child Health Project has been serving Harrison County and neighboring communities for many years. The project provides family-related health services at little or no cost to a family based on their income.

MCH provides a wide range of services to its clients to assist them with their family's health care needs. These services include annual exams, prenatal exams, screenings, and much more.

Call us and set up a free and confidential appointment to discuss your family's health needs.

This project is supported in part by Title V, Maternal and Child Health Block Grant funds administered through the Indiana State Department of Health.
